Riverview Missionary Moment

Alexander and Elizabeth Morozov currently live in Tbilisi, Georgia, and serve in the countries of Russia and Georgia where they partner with local churches to assist, enable and equip evangelical churches by establishing, building and strengthening their ministries, outreaches and Christian enterprises.

The room off the main hall at Vazi was used for clothing and Christian books. Since the clothing has been mostly given away they've decided to turn this room into a room for children during the meetings at Vazi and as a place to meet with children during the week. Work has progressed steadily!

It looks much different now that it's been painted, decals put on the walls, and new lighting installed! They're continuing to purchase some furniture, toys, and floor panels (as they become available in the stores) and they are excited for how this room can now serve families with children!
